

Excellent for field use. Measures pH, temperature, and mV.

- Outstanding features include: double-junction electrode, temperature probe and low battery warning signal. This advanced machine will even tell you if the wrong buffer is used, or if the condition of the buffer or electrodes is beyond the acceptable norm.
- The instrument is manufacturer guaranteed for two years and the sensor is guaranteed for six months. In addition, Model 9025C features a memory for comparison testing and logging data.

Both models come with double-junction pH/mV electrode, linearized temperature probe, pH 4 and pH 7 buffer solutions, four AAA batteries, a sample vessel, instruction manual and a rugged case.

Specifications for Both Models

	Range	Resolution	Accuracy
Waterproof pH	0.00–14.00	0.01	±0.01
mV	±399.9mV; ±1999mV	0.1mV; 1mV	±0.2mV; ±1mV
°C	0.0–100.0°C	0.1°C	±0.5°C

Additional Specifications

mV Measurements: mV measurements automatically switch from 0.1–1mV resolution when reading reaches 400mV. Order ORP and Specific Ion electrodes separately. ORP electrodes are available from Ben Meadows. Specific Ion electrodes can be special ordered. The meter features BNC connections for both electrodes.

Temperature Compensation: Automatic or Manual from 0–100°C.

Battery Life: Four 1.4V batteries (included with meter) give 100 hours of continuous use.

Calibration: Calibration is performed through the memory keypad. The calibration data is then stored in the microprocessor's memory and will remain, even if the meter is turned off.

Two models are available.

- Model 9023C has three memorized buffers, pH 4.01, 7.01 and 10.01.
- Model 9025C has five memorized buffers, pH 4.01, 6.68, 7.01, 9.18 and 10.01.

The Model 9025C also features a dual display for simultaneous read-out of pH or mV and temperature.

Meter Dimensions: 7.7" x 3.1" x 2.4"

FREE Technical Support

When you have a question, you can rely on our team of technical experts. They'll answer your questions about product specifications, chemical compatibility, regulatory issues, and general worker safety and health.

Call our Technical Support line toll-free:

1-800-241-6401

7 a.m. to 7 p.m. CT, Monday–Friday

FREE Catalog

When the outdoors is your office, turn to a Ben Meadows Catalog. In it you'll find thousands of products and our 100% guarantee to stand behind them.

Call today to reserve your free copy:
